## Hegland To Make Race For Seat In Congress

### SEEKS DEMOCRATIC NOMINATION IN NEW 37TH DISTRICT

Assemblyman Sheridan Hegland Thursday morning, at a press conference at the U. S. Grant Hotel, was scheduled to make his formal announcement that he would seek the Democratic nomination in the new 37th Congressional District. He is assemblyman of the L.G. S.V. districts.

In his prepared press statement, Hegland said, "I have made no commitments to anyone or any group." He added, "Today a commitment is made to all. My name will be on the ballot for Congress in the June Primary."

Referring to the seven years he has spent in the Legislature, he said that if his candidacy prevailed he shall expect "assistance, a helping hand and wise counsel" from several California assemblymen with whom he worked who are now in Congress.

Hegland, a native of South Dakota, is a graduate of Stanford University, where he met his wife. The Heglands moved to San Diego County in 1938. From 1941 through 1946 he was Executive Director for San Diego USO, largest USO operation in the world. From 1946 through 1954 he published weekly newspapers in the La Mesa-Lemon Grove area.

**ACCOMPLISHMENTS CITED**  
Hegland cited his major legislative accomplishments as the State Scholarship Act, which has been copied by many states; leadership in bringing to San Diego a branch of the University of California; basic hospital legislation; and several measures for traffic safety.

For the past ten years Mrs. Hegland has been a teacher in the La Mesa-Spring Valley District, working with mentally retarded children. They have two children, a daughter, Sherina,

(Mrs. Michael Friedlander) a graduate of San Diego State College, presently a teacher in South San Francisco, and a son, attending the Florence, Italy, campus of that institution.

In his announcement statement Hegland emphasized the need for federal assistance to education of a type which did not jeopardize "local control by locally-elected school boards." He called for swift San Diego harbor development and efforts to increase job opportunities in this county.

Active in civil protection legislation in the State Legislature, Hegland pledged that if elected he would seek more energetic action in this field.

### WOMEN MAY GET TO WORK OVERTIME

Re-enactment of the California Defense Production Act permitting women in defense industries to work overtime, has been recommended by the board of directors of the California State Chamber of Commerce.

## Chamber Votes To Support Incorporation

The Lemon Grove chamber of commerce voted Tuesday to support incorporation but agreed with Dr. Dennis McLaughlin, president of the L.G. Coordinating Council, that the Council was the proper machinery to bring the issue to a vote.

The chamber had just reviewed the results of a post-card poll in which incorporation was favored by its participants 103 to 65. Dr. McLaughlin said that a move was already under way in his organization to explore incorporation as a means of bringing fall-out shelters and other community needs under the direction of local government.

"We are at the crossroads," he told the chamber board. "This community must decide to provide for its own needs or it may never be able to do so."

McLaughlin said that county government had informed the Coordinating Council that tax base, schools, sewer, water, and all the necessary elements are

## Cops Match Footprints To Get Confession

### BURGLARY THWARTED BY 16-YEAR OLD S.V. YOUTH

A burglary was thwarted at the Bancroft Market, 3650 Bancroft st., Spring Valley Thursday night when a pedestrian saw prowlers there and called the owner.

The pedestrian, Bob Bjorstrom, 16, of 3726 Bancroft dr., Spring Valley, was en route

home about 7 p.m. when he saw the prowlers.

Stephen Chew, the market owner, who was called by Bjorstrom, called the sheriff's department.

They found holes punched in the rear door and the inside lock tripped. The market had been entered and the freezer door had been left opened.

Two juvenile suspects were picked up later near Schmitt's liquor store on Willowside ln., Spring Valley. Detectives took the shoes of the suspects to compare with the prints outside the market.

They matched. Two 17-year-old boys, Dennis Gouvaia and Ray Vincent Cappozzi, this week confessed to sheriff's men.

### STEALS BIKE, SELLS IT FOR HALF DOLLAR

A sixteen-year old boy who lives in Brookside was charged with bicycle theft last week.

Two other youths were questioned in a sheriff's department investigation and they admitted buying the bike from the culprit for 50c after the youth stole it from the bike rack at Mt. Miguel high school. The bike belonged to David Joseph Eckenboyn.

### BEDSPREAD ATTRACTS THIEF

A crocheted bedspread was stolen from a bed in the residence of Mrs. Jennie Hedgpeth while she and her husband were out of town. Value of the spread is \$50.

The loss occurred at 9022 La Mar st., Spring Valley.

### CANDY TAKEN, FLOUR LEFT

Candybars, cigarettes, wine and beer were listed among items taken by burglars from Tresser's Market last week at 9111 Campo rd., Spring Valley. Intruders entered the rear of the building by forcing a metal cover from one of the windows.

Taken out of the building but left behind were several boxes of bisquick.

### HALLOWEEN TRICKSTERS THROW EGGS INTO HOUSE

Three juveniles have been placed in custody of their parents after overdoing it on Halloween.

Sheriff's deputies said the boys' modus operandi was to make a plea for "trick or treat" as all normal celebrants do.

Before the resident could close the door, however, they hurled eggs into the room.

At the residence of Ralph E. Selzer, 5010 Kenwood drive, Spring Valley, the damage amounted to \$20 and included the staining of walls, rugs and (Continued on Page A-3)

**CUTE TWIRLER** — A Lemon Grove entrant in the Mother Goose Twirl-A-Thon to be held in El Cajon Saturday, Nov. 11, is 9-year-old Jeanne Veliquette, daughter of Mr. and Mrs. Jean Veliquette of 7941 Lincoln st., Lemon Grove.

A fourth-grader at Golden Avenue School, Jeanne has been termed the "Hayley Mills" of this area because of her likeness to the star in the movie, Parent Trap. Jeanne has won 12 medals and 50 trophies and holds the twirling title in the 8-9 years division in San Diego County. Jeanne's second love after twirling is square dancing.

### 40 MORE HOMES FOR LA PRESA

SAN DIEGO (CNS) — Preliminary plans for developing 40 lots in a La Presa subdivision were approved Friday by the County Planning Commission.

The applicant was the Chula Vista firm of Johnson, Tyson and Lynds, for their Lakeview Knolls development. A final subdivision map for the project has to be filed within a year.

## County Men Taken From Plan Commish

SAN DIEGO (CNS)—Removal from the County Planning Commission of the three county employees serving by county ordinance was ordered Tuesday by the County Board of Supervisors.

The Board ordered a new ordinance prepared, taking the public works director, the county counsel and the road commission surveyor off the commission and adding to it one more appointive, private citizen commission member. The new ordinance will create a seven-member commission, all of them in private occupations.

The action by Supervisors follows a question raised in a recent Grand Jury report, as to whether county employees should be voting to decide the use of privately owned property.

Planning Commission Chairman Gilbert Ray and Commissioner Gordon Cromer, in their testimony before the Grand Jury, said they were opposed to county employees having the right to vote on the commission. They both pointed out that two other commissioners and the county employees could swing any vote against the majority of private citizens on the commission.

### LG POST OFFICE TAKING APPLICATIONS FOR CHRISTMAS WORK

## The DIMMER VIEW

by MAX GOODWIN

### Sic Semper Tyrannis

To rulers who've become coercive. All honest newsmen are subversive.

—Tom Paine

### Who's On First?

County tax bills have just been issued and the screams of painful anguish were loud and clear. Yet, beyond a temporary clamor, nothing will be done by our citizenry to try to reduce the tax cost.

A good look at the taxing machinery is important because here is where the average citizen meets the frustration of dealing with government.

Suppose you decide your county tax bill is too high (and whose isn't?) and you want to do something about it. Since the bill has the name and address of the County Tax Collector on it, you charge down to his office.

In short order you learn from them that the collector's office does only that. It collects the tax which is the total of the tax rate multiplied by the assessed valuation, so you go to the Assessor's office.

You soon learn that this office does only that. It assesses your property in line with the going price of similar properties in the same neighborhood. This office does no more than to establish value. Tax rates, you will be told, are based on expenditures.

The County Board of Supervisors spend the money. They prepare a budget each year based on what is best for the health and welfare of the community but they do not establish the taxes. This is done by the Chief Administrative Officer's office. Supervisors will explain that they turn down as many expenditures as they approve and most of the expenditures are the results of public clamor.

The C.A.O. gathers together the expenditures, and the assessed valuation of all the properties and divides one into the other to get the tax rate. He doesn't make the rate, he only figures it.

### Planners Put Chill On Center Ad. Sign

SAN DIEGO (CNS)—A zoning variance for a sign to advertise the new shopping center at the intersection of Sweetwater road and Jamacha boulevard, La Presa, was refused Friday by the County Planning Commission.

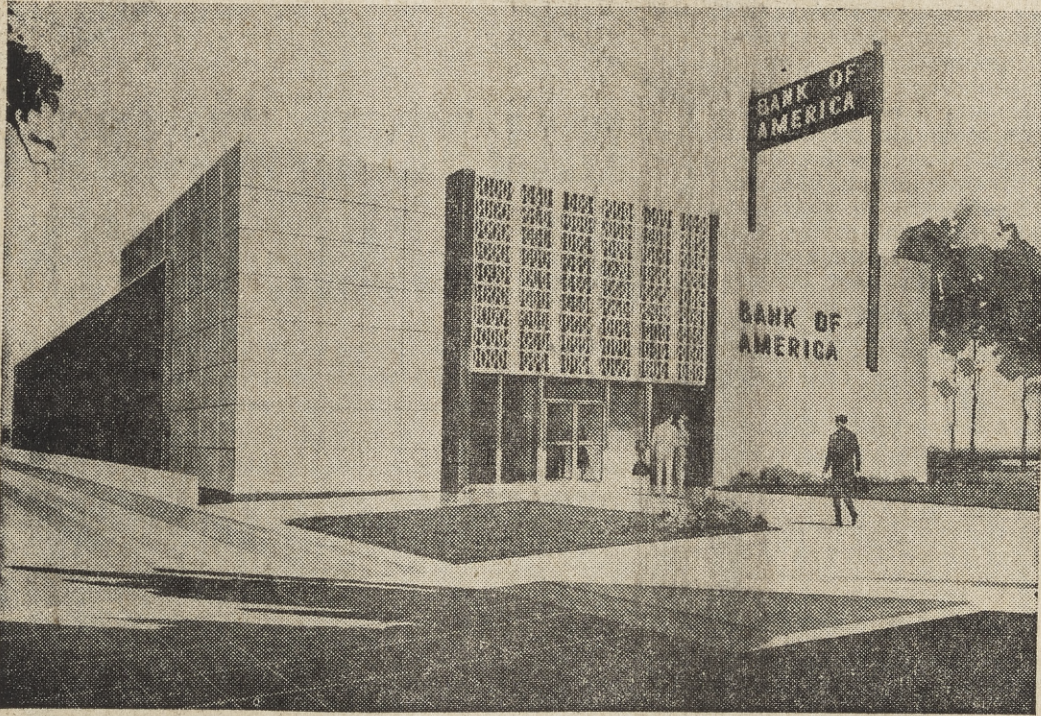

The applicant for the variance, to allow the sign to be put up 35 feet from the center line of Sweetwater road, instead of the required 50 feet, was Pacific Coast Properties, Inc.

Walter Moore, representing the applicant, said the sign would have to be in the parking lot unless the variance were granted, but Commission Chairman Gilbert Ray answered that allowing one sign in the Sweetwater road right of way would end up with everybody in the area asking for the same privilege.

The vote to refuse the variance was unanimous.

**CAT SHOWGOERS** — Cherub Porter, fourth-grader from Lemon Grove, has entered her 2-year-old cat, "Jennie," in the first annual Cat Show to be held this Saturday morning in Lemon Grove at the First National Bank parking lot. Cherub, daughter of Mr. and Mrs. Perry Porter of 2684 Main st., has 4 cats, one dog and some fish. She says she likes cats best. Cherub holds trophies to be awarded to show winners.

**ANOTHER B of A—ARCHITECT'S SKETCH OF BANK OF AMERICA'S CAMPO-CONRAD BRANCH.** Outer walls are composed of masonry and ceramic veneer panels line the entrance. The \$240,000 structure will have more than 8,000 square feet of space on its

main banking floor and mezzanine. The building was designed by Continental Service Company, which also is supervising construction, and Riha Construction Company of La Mesa is the general contractor. Completion is targeted for spring.

## Lemon Grove Bank Of America To Open On Imperial

A new indication of Lemon Grove's robust development was seen this week as Bank of America announced it will establish a branch on Imperial avenue between Golden and Central avenues.

The bank has leased 30,000 square feet of land on which it will build a 7800 square foot building. The new branch will be added to the existing shopping center and will front on

Imperial avenue near the corner of Central avenue.

Leasing arrangements were handled by Charles Decker, Goodwin Company, which has handled the leasing of the entire shopping center.

Illustrating Lemon Grove's rapid growth, Hoffman said the population of the unincorporated community has nearly

tripled, increasing from 9,000 to more than 26,000 residents. The average estimated income of families in the area is high.

"The continuing dynamic expansion of this section of the San Diego metropolitan area is evidenced by the residential tracts and single homes recently completed, under construction, and in the planning stage," he added.

## Sailor Who Robbed .L.G. Woman Gets Year in Pen

### Husband Spots Man On Corona Street

SAN DIEGO (CNS)—A Coronado sailor, convicted of beating a Lemon Grove housewife and robbing her of \$2,375 worth of jewelry, was sentenced last Wednesday in Superior Court to a term of one year to life in state prison.

Chief Petty Officer Louis Robert Trujillo, 28, formerly stationed at the Naval Amphibian Base, was arrested Aug. 8 when the husband of the woman he

robbed, John Lukass, 45, of 1662 La Corta, Lemon Grove, spotted him on a Coronado street. "I'd never forget that face," Lukass told police.

Police said that Trujillo had gone to the Lukass home on Jan. 30 in answer to a newspaper advertisement for the sale of a wristwatch and diamond ring. Trujillo returned the following day, when Lukass was not home, beat and choked his wife, Martha, 45, and took the watch and ring.

Judge Ronald Abernethy, who imposed sentence on Trujillo, denounced him as a perjurer. "He deliberately committed perjury in this court," said Abernethy. "I think he is guilty of subornation of perjury in obtaining witnesses who came here and testified in his behalf."

Trujillo had stated during his trial that he was on training exercises when the robbery took place. He produced several witnesses who supported this claim.

The chief petty officer had passed examinations for a commission and was about to be made a naval officer, according to the probation department report submitted to Judge Abernethy.

## Winless Matadors Make Good Attempt

by Bill Ott Jr.

Winless Mt. Miguel played like classy champions in the first half of their Grossmont League football clash with undefeated Grossmont last Friday night at Miguel, but the Footballers bounced back from a 9-0 Matador lead to dump the Spring Valley eleven, 19-9.

The Matadors playing before a capacity Homecoming Game crowd dropped the first homecoming affair in the school's history, and the Grossmont triumph marked the first time the Hillers have beaten a Miguel grid team in the five years of competition.

The fired-up Matador defense, and the rolling offense enabled the Miguelers to tally a 9-0 half-time score. Halfback Eric Oster scored the Matador touchdown on a 4 yard run. The try for the PAT failed and the score was 6-0 moving into the second quarter. In the second quarter the Miguel defense held the Grossmonters on the Matador 10 yard line and took over on downs. The Matadors drove to the Grossmont 5 where the Footballers put up a strong front forcing the Matadors to go for the yardage for the touchdown, or try for a field goal. Keith James successfully booted the field goal for the 9-0 margin at halftime.

Although the Matadors went scoreless in the second half, they had opportunities to score, but the offense bogged down when the important yardage was needed. Meanwhile, Grossmont working toward the Grossmont League Championship scored twice in the third quarter on runs of 10 and 6 yards by Joe McKirahan and Fred Schweer respectively. The Ken Maynard charges added the insurance touchdown in the fourth period on a 4 yard run by fullback Ed Speed. Speed was the workhorse in the Grossmont rushing attack, picking valuable yardage on thrusts into the middle of the Mt. Miguel line.

The Matadors may find the victory column this Friday night against Granite Hills at Miguel, but the Footballers may find trouble against El Cajon at Cajon Speedway.

Lemon Grove's Pete Jernigan was awarded the top lower minor league trophy for a San Diego area baseball player at the Hot Stove League's annual banquet held in the El Cortez Hotel Monday night.

The Grossmont Junior College board will try to decide on Monday, November 13 whether or not Grossmont College will participate in intercollegiate athletics in 1962-63.

Only four of the five board members were present at the last meeting in which a 2-2 tie vote was taken. The members decided to vote on the issue at their next meeting when all five members will be in attendance so a decision can be reached.

This strong loop bowls in 15 different houses during the season and the rosters of the teams competing are a veritable who's who in local bowling circles. A trip to the beautiful Lemon Grove pin palace will be an exciting one. Plan to drop in and watch these stars in action Sunday night.

## Pays To Wrong Sewer District

SAN DIEGO (CNS)—A Lemon Grove property owner, who paid \$50 for a permit to connect to the Lemon Grove Sanitation District, is really in the Spring Valley Sanitation District, where he can get sewer service for \$13.50, the County Board of Supervisors was told Tuesday.

Board members solved this complicated situation by ordering a \$50 transfer from the Lemon Grove district to the Spring Valley district, a "form 116-claim and voucher for refund of money" so the lucky property owner may get a refund of \$36.50 and a \$13.50 journal entry in the Spring Valley district books, so it gets its money.

Hugh Braley is the property owner getting the sewer connection.

They cheered the skillful driving of Russ Moynagh of Huntington Beach, who added to his lead in the UNA point standings by taking the 30-lap Main Event. Both Dick Barry, of Covina, and Lowell Sachs, of San Diego, second and third in the standings respectively, held the lead mid-way in the race, but they spun out on the south curve and were forced to drop out.

Midget races on Saturdays get under way at 8 p.m. Qualifying starts at 6:30 p.m.

## Lockup Victim Calm, Cool

The hot weather didn't bother Erland Anderson. He almost froze to death.

Anderson operates a service station at 7938 Broadway. He also is the owner of the town's only ice vending machine, nearby.

Sunday morning, making a regular inspection of the machine's interior before the onrush of picnickers, Anderson entered the huge dispenser. An employee at the filling station seeing the lock unsnaped, did what any loyal employee would have done. He snapped the lock.

It was nearly a half hour before the first customer drove up and was surprised to see a shovel wagging furiously out of the chute where ice is dispensed.

The customer did as Anderson's shouted instructions implored him. He got the "dang 'loyal employee'" from the filling station to open the lock.

By noon Anderson's blood pressure was down and his temperature was up.

## Bow Snatcher Gets 5 Months Jail Sentence

SAN DIEGO (CNS)—A Lemon Grove man convicted of stealing \$2,000 worth of archery bows from a La Mesa optometrist was put on five years probation Thursday by a Superior Court Judge and ordered to spend five months in the county jail.

Robert Steiner, 32, of 3533 West St., Lemon Grove, a carpenter, was arrested on July 20, in Pawawon, Utah, and brought back to California to stand trial for the theft of 40 archery bows from the office of Dr. Jack Gruss, at 7868 La Mesa Blvd., La Mesa.

According to probation department records, when arrested, Steiner told police that he had obtained the bows at a swap meet in El Cajon; in Utah when taken into custody he was removing the bows from his car and placing them in a cabin; he subsequently attempted to sell the bows to sporting goods stores.

La Mesa police sergeant Dan Emree, who returned Steiner from Utah, told a probation officer Steiner was a "pathological liar." Emree stated there was reason to believe that Steiner was also involved in the burglary of the Valley Hardware in El Cajon, as well as other burglaries.

Steiner was found guilty of second degree burglary on Oct. 18, after a jury trial. Second degree burglary is punishable by a prison term of one to 15 years.

Judge James C. Toothaker, who gave probation to Steiner Thursday, also ordered him to make \$675 restitution to Dr. Gruss and \$134 for the cost of his extradition from Utah.

## Carly Madson Dies In Plane Crash In Colo.

Carlyle Madson, 50, a well-known Lemon Grove pilot, died last week on Thursday when the plane he was piloting crashed in a blinding snowstorm near Pueblo, Colorado.

Three passengers in the plane perished with him. They were Paul Miller, 30, of La Mesa, president of PM Electronics; Henry Parnell, 29, of San Diego, an executive of PM Electronics, and V. L. Parrish, 32, the firm's Denver representative.

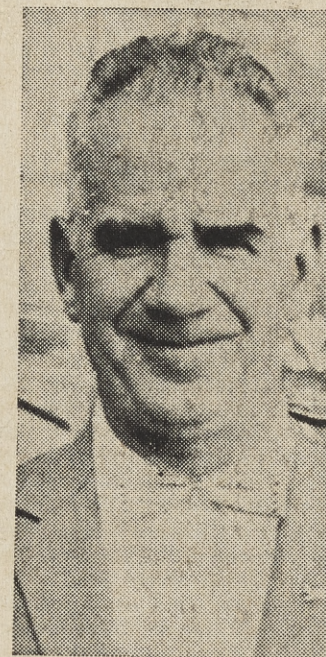

Madson and his wife lived at 7442 Gribble st. near Lomita Village.

Services were held Monday at the Lemon Grove Methodist church where the family was a member.

The plane was a twin engine Cessna en route to SD and unofficial investigators indicated that the plane may have plummeted more than 5,000 feet to a flat mesa after picking up ice in a storm. Tower operators in Denver are said to have been in contact with him moments before the crash. There was no panic indicated.

The plane's wreckage was spread over a quarter mile area on the Colorado prairie. The bodies were brought out by a ground party and flown to San Diego by Vance Briese an associate of the Briese Johnson Air Service, Gillespie Airport. Madson had been associated with the firm until recently.

A WWII Ferry Command captain, Madson had amassed a great number of hours and experience. He was rated by those in the flying industry as a "careful pilot."

Bring new excitement to your Christmas meals this season by learning variations of old-fashioned holiday treats. For instance, try making a pumpkin "Peace Pipe" pie and vanilla ice cream to the crust before putting in the spiced pumpkin filling, top with whipped cream, nuts and refrigerator.

How to prepare these special treats will be the highlight of my cooking school this month. The program is entitled "Christmas Is Comin'." It will be presented Tuesday, Nov. 14, from 10 to 11:30 a.m. and again Tuesday, Nov. 28, from 1:30 to 3 p.m., in the comfortable auditorium of San Diego Gas & Electric Company's Eastern District Office, at 104 North Johnson Street in El Cajon.

I'll show you how to prepare a full-course Christmas dinner featuring cornish hen with brazil nut stuffing. We'll prepare special salads too, and vegetable and breads that will give you new ideas for holiday cooking.

For entertaining during the holiday season, you will probably enjoy our "specialty of the month" — Noel Shrimp Bake. It is a delectable casserole dish that brings new imagination to the holiday menu. And, of course, for dessert, we will prepare an old fashioned apple sauce fruit cake.

Plan now to attend for ninety minutes of relaxed fun while we discuss Christmas cooking for '61. Free door prizes will be given away. Admission is free.

### A 'Goode' GOP Gag

This being the season for politics we ought to take a look at the recent Congressional election in Texas to come up with a good Republican gag line.

Battling for a vacant House seat representing big Dexas county were Democratic State Senator Henry Gonzales, 45, and a conservative Republican John W. Goode, a 38-year-old lawyer and former county chairman.

In spite of the fact that GOP Goode suffered a resounding defeat, the loser got off a "Goode" gag during the campaign.

Said Goode, just before the date of the election, "I wish we'd saved something during the Eisenhower depression so we could afford this Kennedy prosperity."

### Does Nixon Intend To Run?

Former Vice President Richard Nixon surprised many of us when announced his candidacy for governor several weeks ago.

He told this writer, at a dinner at the Cuyamaca club in S.D., that he wouldn't be a gubernatorial candidate "because I want to lend my political prestige to area contests." He then said he could not run for governor because this would prevent such aid.

Now, from the L.A. County Taxpayers League comes a political pronouncement that seems to be based on logic although it admits to being based on rumor.

It is the rumor that Nixon will not make the race for governor next year.

O'Neill Ganey, secretary of the Los Angeles County Taxpayers League, said the rumors started after last week's \$100-a-plate dinner in San Diego when Nixon again stated he did not intend to be a candidate for President in 1964.

"If elected, I intend to serve my full four-year term as governor," Nixon said, "unless prevented by some physical disability."

"This superfluous addition to his statement started the speculation," Ganey said. "Why did he add that? Nixon is supposedly in very good health."

"Many of my fellow Republicans are wondering if Nixon expected to have his opposition step aside when he announced, he would run for governor. But instead former Governor Goodwin J. Knight opened headquarters, hired a campaign staff and started a fighting campaign. Assemblyman Joe Shell said he was in the race to stay, and put up billboards all over town to prove it."

"Nixon dare not take a chance on losing the primary election, because if he can't even win his party's nomination, his political career will be over forever," according to Ganey.

New fuel was added to the rumors Tuesday when Jud Leetham, chairman of the Los Angeles County Republican Central Committee, released a resolution which pledged an affirmative campaign, free of personality smears, with the losers agreeing to support the party's nominee in the November general election.

Leetham said Nixon was the only one of the four declared candidates who did not sign the resolution.

When asked why, Nixon told newsmen:

"I prefer to sign it later. I'm not a candidate yet. I will sign it when I start my campaign."

"It is fairly obvious that Nixon does not believe he can win the Republican primary against strong opposition," Ganey said.

"It would not surprise many of us one bit if he failed to file for the office by the deadline next March," Ganey added.

### Miguel Reveals Winners Of Speech Tournament

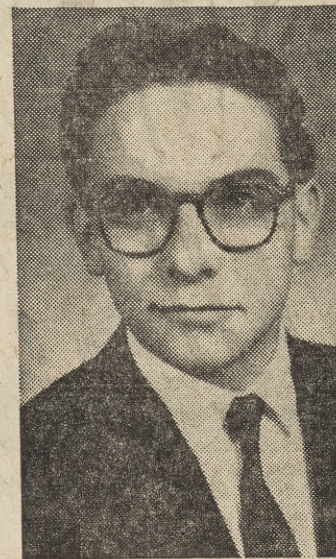

Robert Sanders, Mount Miguel high school speech teacher, has announced the winners of the Oct. 24 Toastmasters' speech contest at Mount Miguel. Bud Carey, a district finalist the last two years, kept his record untarnished by sweeping to first place in the Miguel event. His topic: "What Goldberg Found in Europe."

Second-place winner Kathy Herbener chose as her topic, "Fidelity to Fidel." "Where Even the Police Aren't Safe" was the choice of Dudley Griffin, who took third-place honors.

In the five-year history of the local school, Judy Thompson, Dan Heiser and Bud Carey have captured the Miguel District Toastmaster No. 5 contests.

The extemporaneous speaking contest, judged by members of Toastmasters, was open to the public. Contestants were given 30 minutes to prepare their seven-minute speeches from the most recent issues of Time and Newsweek magazines.

Sanders felt that "the educational value to the students who participated was unlimited; to me, the most valuable thing about it was that participants had to organize and evaluate their materials. From the practical standpoint, this is the type of thing they will be doing the rest of their lives."

### New L.G. Cafe Named After Family Members

A cafe which opened Oct. 18 at 7874 Broadway in Lemon Grove, was uniquely named after the family that runs it. "Laura's 7 J's," operated by Mrs. Laura Chappell was named for her husband, James and their six children: Jimmy, Johnny, Jerry, Judy, Jacky and Jo Lene.

Laura said the cafe is featuring a different special each day, with the average dinner price being 99c. It is open six days a week from 7 a.m. to 7 p.m.

Laura's 7 J's cafe contains 4 booths and 18 counter stools, making a total seating capacity of 24 or more. She and her husband have been in the restaurant business for 12 years.

A special daily feature of the cafe is the "coffee hour" from 2-4 p.m., during which time it is 5c a cup.

Godmother's Cupboard, 19 Spanish Village, Zoo place, Balboa Park is a tiny theater for marionettes with white walls, black curtains and bright red seats. Now "Jack and the Beanstalk" is playing there. It is open to the public on Saturday and Sunday afternoons; curtain time is two thirty.

Jack and the Bean stalk is a three act play that runs with dramatic swiftness. There are two sets: the first and last act are out of doors by Jack's home. The bright cut outs of trees is set against a bright blue sky, the other set in the giant's kitchen where Jack hides in the oven.

In the cast are the usual persons in the story. The giant is big, clumsy, rather stupid, but not terrifying. Mrs. Try-rads, his wife, is a red headed thoughty that seems cruel, but really is kind. There is a dog, the golden hen, and the magic harp that plays by itself, all of which adds fun.

This is the third year of Godmother's Cupboard. Every week there is a free play given to any organized group of girls or boys that telephone to make an appointment. Jack started in July, and since that time 1782 have come to the Village to see "Jack." I hope many more will come before the end of May, when the Cupboard closes on Jack to prepare for the next season.

Thank you very much for the stories that you have given me before. I hope you can find room and goodwill to give me another now.

evening at the El Capitan game, with Helix as victor, reports the school.

Helix's first alumni choir will perform at the assembly and the candidates for Alumni Assn. president and officers will be presented.

The Queen's Ball will be immediately after the game with the queen and her court presiding.

Eddie Lebb, ASB president, will speak at the alumni assembly that day. His topic will be "Where Are They Now?" referring to past ASB presidents. There will also be an alumni speaker.

Catherine Masakwe and Bjorn Sata, Helix foreign exchange students will be introduced to alumni. Girls' League and Key Club will present school sweaters to Catherine and Bjorn. "Helix: Champions Through the Years," the theme of homecoming will be emphasized by Coach Dick Gorrie speaking on past athletic championships. It is hoped by the student body that this theme will be carried out that

The company's bid was \$607,748, compared with the engineer's estimate of \$548,430. But Supervisors waived the fact that the bid exceeded the estimate by more than 10 per cent, on the basis the project is needed for the health and welfare of the people in the area.

A spacious and luxurious but invitingly informal interior awaits patrons of the new Frederick's Beauty Salon located in the shopping center at Casa De Oro.

In addition to offering regular beauty shop services, Frederick's has available a complete line of cosmetics. Manager-own-er Frederick Oeldeman said the specialties of the salon are bleaching and tinting and corrective hairstyling, and he emphasized that women don't need to dress up to patronize his shop.

Coffee is to be served regularly to all customers, and telephones are available for usage of customers whether they're seated in one of six comfortable hairdryer chairs or one of four booths.

Frederick's is opened daily except Sunday from 9 a.m. "until they're through in the evening."

## 2ND ANNUAL S. V. PARADE TERMED 'A GREAT SUCCESS'

The second annual Spring Valley parade, held Saturday, Nov. 4, was a great success, according to many spectators and officials. Approximately 75 entries appeared. There were seven divisions with marching units, bands, drill teams, color guards, equestrians and beautiful floats. The float, "New Horizons," was presented by the Spring Valley Chamber of Commerce and had a missile pointing toward a horizon. Several beautiful girls surrounded the missile.

The Spring Valley Lions Club float was constructed, decorated and operated by Lion members, with Marlene Bates, "Miss Spring Valley of 1961," gracing the bow of the float. The float depicted the Lions motto, "Liberty-Intelligence-Our Nation's Safety." At the aft section of the float were three servicemen and a professor. The professor was Mickey Shelly of the new Grossmont Junior College; and the servicemen were Seaman second class Patrick Comstock and Seaman second class Charles Rogers, both of the Navy Fire Control School; and Airman second class Gerry Vanorsdol of Vandenberg Air Force Base. Lion Leon Green was Lions parade chairman and he walked with other Lions; President Dan Swing, Robert Todd, Howard Takahashi, Bill Owens, Reasie Lawrence, Jesse Hodge, Wendall Wilkinson, Wally Johnson and Ray Traber.

Tuition and necessary fees include the standard tuition and fee charges which the student normally pays at the time of registration.

### Young Man Tagged On Two Counts

Charles Marcus Frye, 19, of 3687 El Canto dr., Spring Valley was booked on two counts at the County Jail Friday.

Sheriff's deputies chasing Frye as he allegedly sped 67 miles an hour in a 35 mile zone in Bonita, finally caught him after racking up speeds as high as 90 mph.

In his car were found two bottles of liquor, apparently purchased in Mexico and not bearing tax stamps.

Frye said the liquor was not his but belonged to friends having a party for friends.

### Monte Vista Hi Defeated 48-0 By El Capitan

The El Capitan Vaqueros smashed Monte Vista 48-0 at Aztec Bowl Friday, Nov. 3, for their fourth league win as against only one defeat.

The Vaqueros were led by backs Leon Herzog and Dave Varvel, who each scored twice. Herzog continually ran through the Monarch line, scoring on plunges from the one and two yard lines. Herzog also provided El Capitan with three extra points.

### Walker Scott Gets National Award

Walker Scott Company has been awarded a certificate of commendation for "outstanding acts of community service practiced by a retail store" by the National Retail Merchants Association and Reader's Digest Magazine in an announcement made in New York.

This was one of 38 awards given in conjunction with "Retailing Serves America" competition to point out praiseworthy projects which have enhanced the stature of the retail stores in their communities.

Walker Scott's award was given for "utilizing a store opening as a fund raising opportunity for local religious groups and the community Symphony Orchestra when College Grove was opened last year."

All 38 of the winners become semi-finalists in national judging to select the most outstanding acts of community service for small stores, medium size stores, and the largest stores in the nation to be announced in January.

George Scott is a director of the L.G. chamber of commerce.

### L.G. Carport Too Close to Street Must Be Moved

SAN DIEGO (CNS)—A Lemon Grove property owner who accidentally got his carport too close to the center of the street was denied a zoning variance at the Friday session of the County Planning Commission.

Earl Sutton asked to be allowed to leave his carport in, although it is 43 feet and nine inches from the center line of the street, instead of the required 50 feet, at 4021 Paul St. The mistake was made by the contractor, it was stated. But the commission was informed by its own committee that studied the site that all other residences in the area, except one, obey the setback requirements.

An investigation of the other violation is being made by the building inspection department, the commission was told.

**RED CROSS SWIM** — Three hundred Red Cross Parent Teachers Association Backyard Swim campaign volunteers attended the fourth annual awards day at Stardust Motel recently. Mrs. Lawrence Sozzani, 3115 Chateau Way, L. G., retiring chairman, and O. W. Todd Jr., Red Cross Chapter chairman, presided. Both are shown above.

Eighteen volunteers who have served in the program since its inception five years ago were presented special pins by Todd. Those honored included Mmes. Samuel Booser, Wesley Coombe, Alex DeBaksey, D. D. Erickson, Stephen Farrell, Kenneth Hall, James T. Northcutt, Lee Nottingham, Paul Slaughter, H. K. Snow, James F. Hinton, Lawrence Sozzani, C. K. Shannon, Walter J. Bossert Jr., Henry Caelski, and Miss Mary Rafalovich. Also Roger Sann and Henry Melvanine, Jr., Capt., USN, Ret. Elmer M. Bingham, M.D., assistant director of Public Health, accepted a special certificate of appreciation on behalf of the San Diego County Health Department.

Following the program a water show was presented by Miss Mary Rafalovich of the YWCA.

Mrs. Frank Fitz, of the El Cajon Valley Branch, was introduced as the new Backyard Swim program chairman for 1961-62.

## Casa De Oro Kids See Realistic Safety Demonstration

Casa de Oro Elementary kids and faculty saw a realistic and dramatic safety demonstration on Thursday afternoon of last week, when officers Ed Widholm and John Annis of the California Highway Patrol visited the school.

The children, several of whom took part in the demonstration, learned, for example, that the driver of a car going 25 miles per hour will do well to make a stop 92 feet after first realizing the danger.

To make this demonstration, one officer drove the patrol car from the edge of the playground onto the basketball court. There, the school principal, also riding in the car, pulled a cord which set off a chalk-cartridge which both marked the spot and signaled the driver to begin stopping.

Further illustrating the amount of time required for stopping, the officers had children skip, run and ride bicycles, asking them to stop suddenly. Skipping required 7 feet stopping space, running, 16-18 feet, a slow bike, 14 feet, a fast bike, 24-28 feet.

The safety demonstration, one of a statewide series, was put on in conjunction with the school's PTA. Leonard Rothermich, an engineer at Ryan Aircraft, is PTA safety chairman. He said he found the demonstration one of the most effective he'd seen to teach kids how to take care of themselves near traffic.

### LA JOLLA PICTURE SELECTED FOR EXHIBIT

Dr. William M. Milliken, in charge of the Masterpieces of Art Exhibit at the Century 21 Exposition in Seattle next year, selected "Portrait of A Young Girl" from the La Jolla Art Center's collection for a part in that show.

Milliken, director emeritus of the Cleveland Museum of Art, called the painting by Berthe Morisot an "important pastel."

**SAFETY IS BEST** — California Highway Patrolmen Ed Widholm and John Annis discuss safety with Denis Lynn, Jane Lattimer and Gordon Rock—three pupils who took part in a safety demonstration at the school last week—while Leonard Rothermich, PTA safety chairman for the school, looks on. School officials find the new method of safety demonstration highly effective in getting children to do the right thing around traffic.

## Lemon Grove's United Fund Quota \$16,856

The United Teams' 1961 campaign will get down to "grass roots" when its Lemon Grove residential drive kicks off Monday under the direction of Mrs. Byron Netzley.

"Lemon Grove's campaign quota has been set at \$16,856," said Faucher. "Of this figure, \$3,120 represents a residential goal which Lemon Grove's 'Door Belles of 1961' are determined to raise."

"The money collected by our volunteer doorbell ringers," said F. R. Faucher, Lemon Grove Division chairman, "will go toward helping to provide

community services for more than 216,000 San Diego County families during 1962."

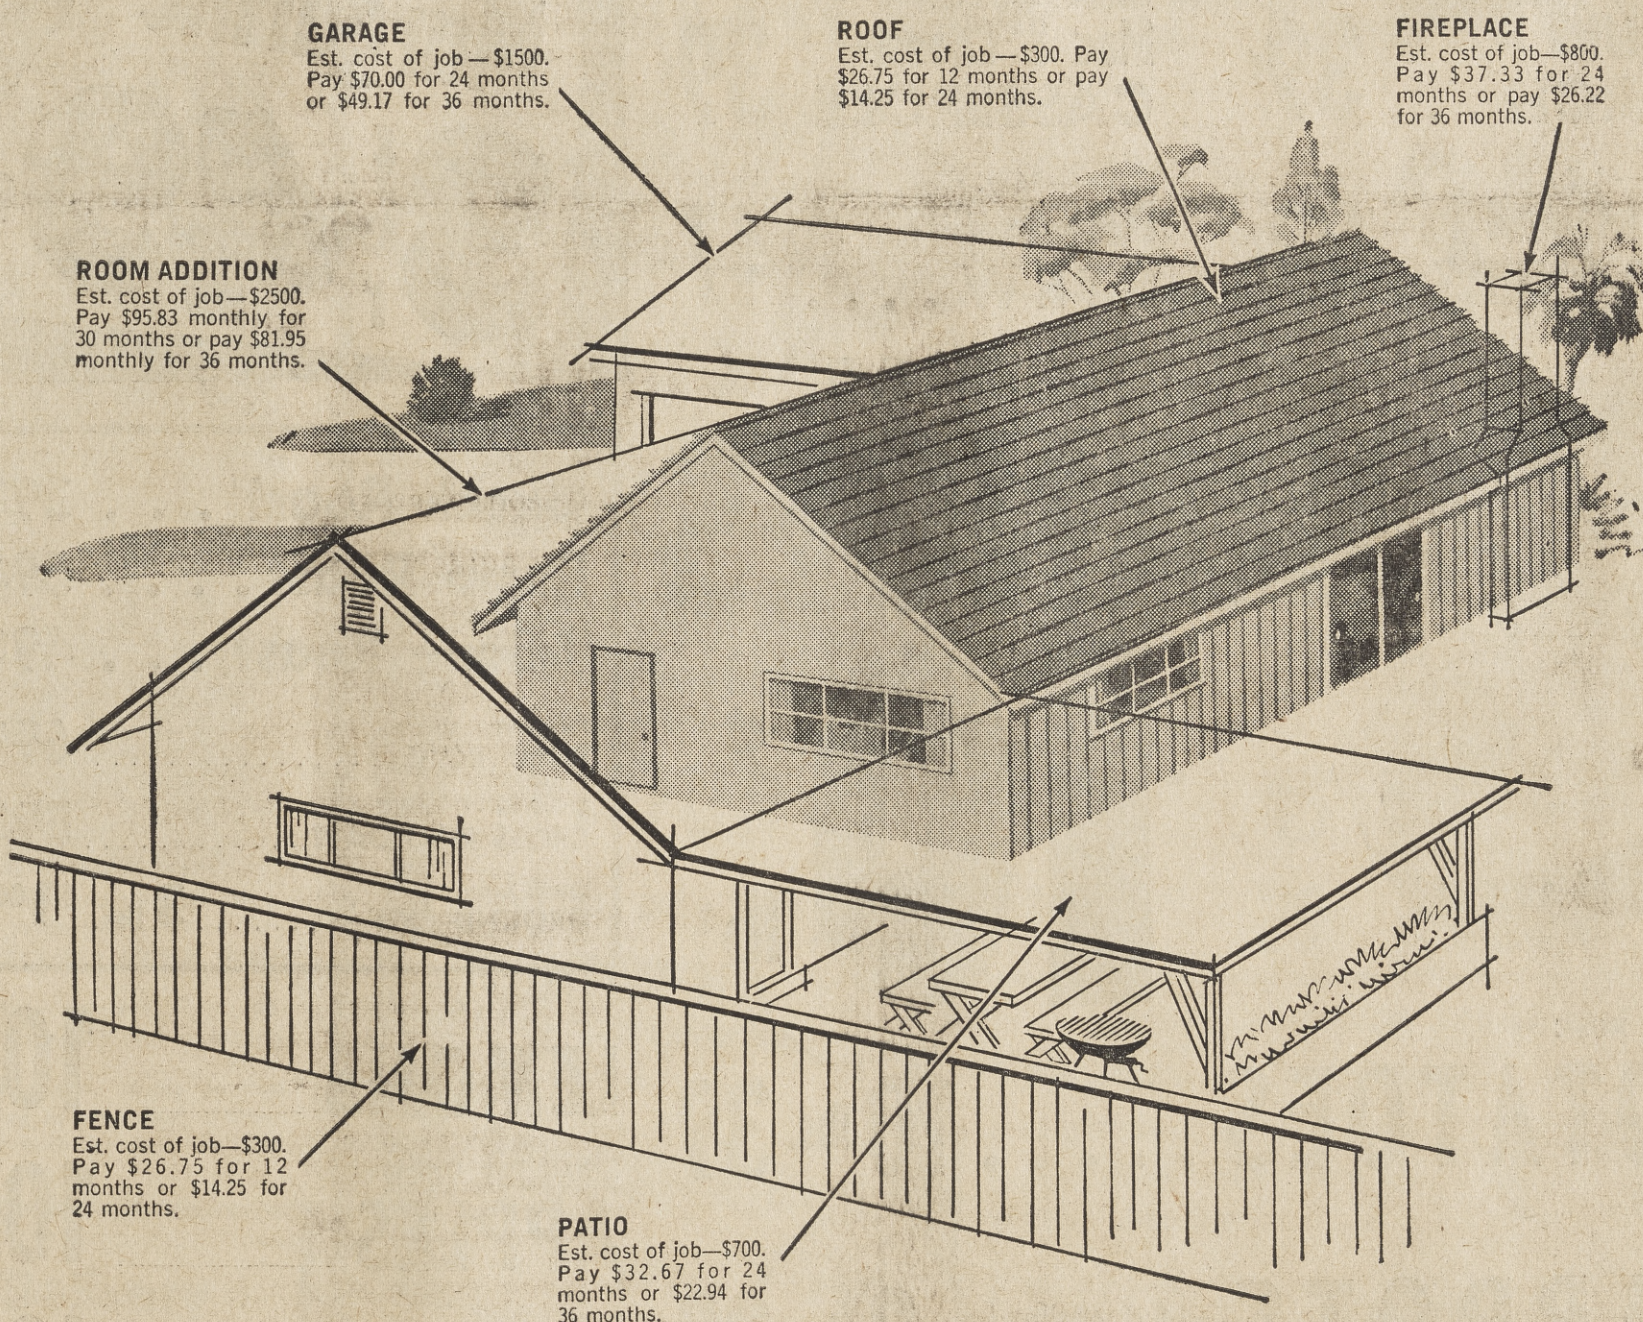

The United Team's campaign goal of \$4,635,907 will have to be reached if these families are not to be denied. At the first report luncheon of this year's drive, Oct. 30, it was announced that so far a total of \$1,243,441 had been raised.

Supported through the single annual United Team campaign is the San Diego Community Chest, all 45 of its Feather agencies, plus the Red Cross, the Salvation Army, the Camp Fire Girls, the City of Hope,

## Miguel Choir 'Risers' Put Music In The Air

The idea that "there's music in the air" has more than just an empty ring to the ears of Robert Boucher, choral director of Mount Miguel high school these days.

For the past four years, Boucher and his singers have been working hard to obtain their risers for class rehearsals and practice sessions. But the cost seemed prohibitive... approximately \$700... a sum more than choir members could get together while completing other work too.

But members of Miguel's Booster Club heard about their problems and within 4 weeks, the risers were completed. Members of the choir sanded varnished the equipment on their own time. Total cost of the project? "No more than \$180," said Philip Titmus and Arthur Taylor, two of the Boosters who devoted time to the project.

"What a difference!" Boucher exclaimed happily after the first day the risers were in use. "I can see everyone for the first time and they can see me. But, the difference in tone is tremendous! This is because the students can now hear all parts, not just their own."

### PAYCHECK BOUNCES

A paycheck for \$85 from the Building Maintenance Co., 1477 Market St., S.D. was tendered Oct. 20 the Food Basket in L.G. by Milton C. Miller of 4826 Barbarosa dr. to buy the family provender for the week. The check signed by Ralph E. Landry was returned last week marked NFS. An investigation disclosed that a Ralph Landry is now a boarder in the S.D. City Jail on a similar charge.

OPENER — Hamilton Marston, president and general manager of the Marston Co., gives a response to welcoming ceremony at the opening of the firm's new store at Grossmont center. Several hundred well-wishers, civic leaders and Center of officials took part in the colorful ribbon cutting ceremony Monday morning.

In addition to Marston's store, ten other stores opened bringing the total to 28 businesses in operation. Fifteen more firms will open at various dates in the near future to bring the total to 44 stores.

## Blossom Lane Road Row Still Not Rosy

SAN DIEGO (CNS) — Another attempt to settle a quarrel with the Grossmont Union High School District board of trustees over plans for an addition to Mt. Miguel High School was authorized Friday by the County Planning Commission. The controversy involves right of way wanted by the county along Blossom lane. District trustees have declared they believe the county's requirements to be excessive. Trustees opposed the county's request for land in connection with a proposed 84-foot right of way for Blossom lane, so the commission Friday approved cutting down the width to 64 feet. The school district's contribution is to be a triangle.

ular sliver.

Commissioners were not in agreement among themselves about the situation.

"The board of trustees thinks the district has given enough," said Commission Chairman Gilbert Ray. "Part of the parking area will be lost."

"That's not true," declared David K. Speer, county road commissioner and ex-officio planning commissioner, "for this will not take out any parking space."

"You're not quite correct, sir," put in C. Edward Swanson, of the planning department staff. "This part is all asphalted, and it can be used for parking."

The Navy's Pacific and Atlantic Amphibious Forces were established in February 1942.
